“ Roberta Sue Conner was one of the most influential women in my life. She was always there for me when I needed an ear or anything. When I was little I used to spend every summer with her and my grandpa. I remember always wanting her to curl my hair, laying around watching Jerry Springer, Golden Girls, Wheel of Fortune, and the Price is Right to name a few. I remember the specific smell only she had. I remember playing board games, and I remember her amazing cooking. I loved her. We were very close, and I'm still trying to get used to the fact that I can't just call and hear her voice. She was the most beautiful soul. I love you Busha and I miss you so much but I'm thankful you no longer have to suffer. I start nursing school soon and when I graduate it will be for you. Kisses and hugs.

“ My best friend. I will miss our late night talks and phase 10 and skibo games but most of all your honesty. You always said it like it was never held anything back. I know you are enjoying your mansion in the sky. Till we meet again I love you and miss you.
